EXPERIENCE

Frontend Software Engineer

April-2024 - Nov-2025

atB Jobs Ltd. Gulshan-2, Dhaka.

Developing responsive, high-performance web interfaces using React.js and Next.js. Collaborating with design and backend teams to deliver seamless user experiences and scalable frontend features.

Frontend Software Developer

June-2023 - March-2024

Repliq Limited. Dhanmondi, Dhaka.

Built and maintained UI components with React.js and Next.js. Focused on optimizing page performance, ensuring responsive design, and converting Figma designs into fully functional.

Junior MERN Developer

Jan-2022 - May-2023

DS Legends Pte. Ltd. Singapore

Worked across the MERN stack to develop full-featured web applications. Designed RESTful APIs, handled MongoDB data operations, and created responsive React.js applications.
